Mr. Joshua Lederberg
Department of Botany
Yale University

Dear Mr. Lederberg:

In behalf of the Board of Scientific Advisers, I wish to thank you for meeting with the Board last Sunday to present the background and plan of the work which you will be doing as a Fellow of the Fund. The Board was greatly interested in your presentation and is pleased that the Fund is to play a part in the development of your scientific talents.

As I told you by telephone yesterday, I regret that it would be quite inconvenient to revise the conditions of the grant for your fellowship in order to make a lump sum available to you immediately. A disbursement order for the first month and ten days of your fellowship is being issued now to be paid shortly after April 1. The remaining payments will be made at the end of succeeding months. I hope that these arrangements will help you to meet your needs.

Sincerely yours,

R. G. Meader
